## **Asigurarea egalității de șanse pe criterii de gen Assuring gender equality of opportunity**

**Abstract:**

The paper presents a short evolution of the concerns relating with ensuring gender basis equal chances. It was argued that the feminist movement started with the French revolution when the fundamental principle of equality between individuals was asserted. The paper continues with presenting some women's claims that were complied till now, emphasizing the present Romanian government's preoccupation for increasing women's participation in the economic and political life.
